

Quick Installation Reference Sheet

Components Include:

- 4" Submersible Pump
- 4" Submersible Motor
- SubDrive Controller

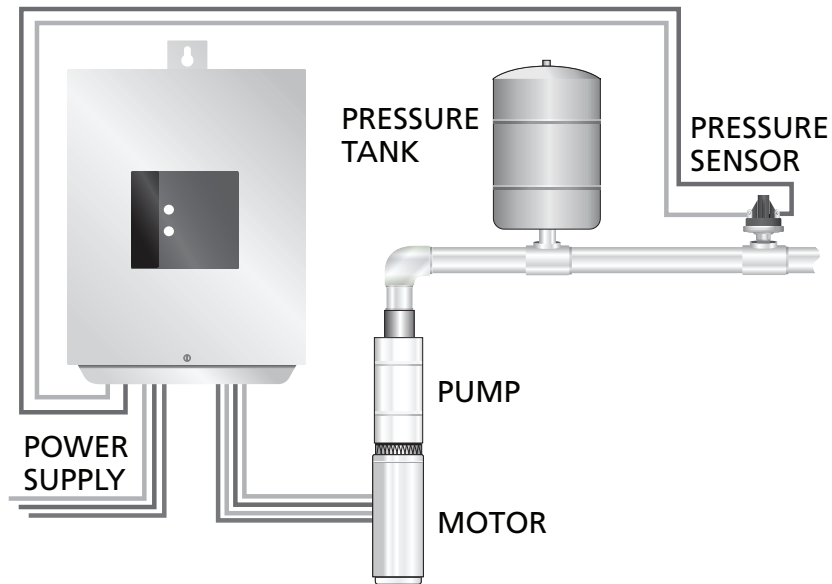

1. Prior to installation, complete SubDrive QuickPAK Extended Warranty registration card. Be sure to enter model and serial numbers where designated. Return this postage-paid card to Franklin Electric.

NOTE: Discard any other warranty cards that may be included in individual component packages.

2. Assemble and install SubDrive QuickPAK components according to the instructions included with each component.

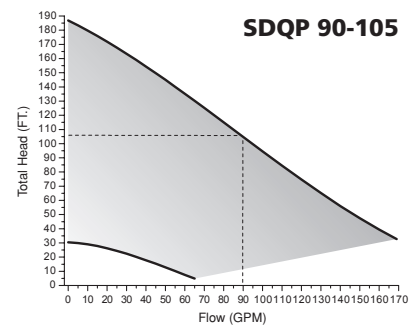

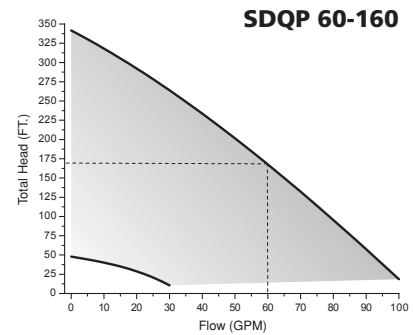

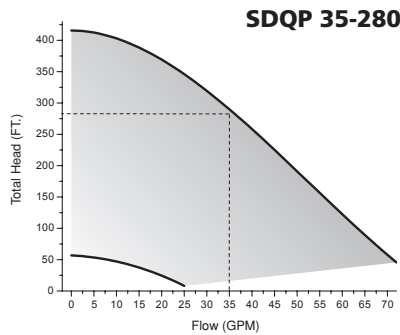

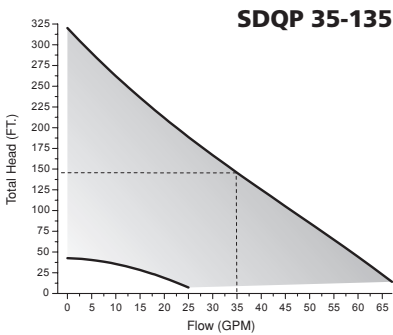

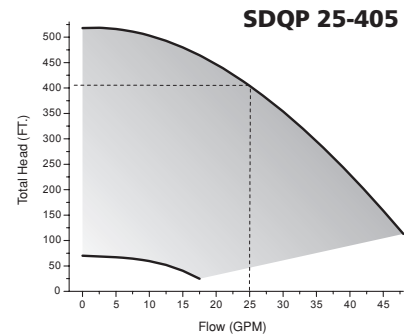

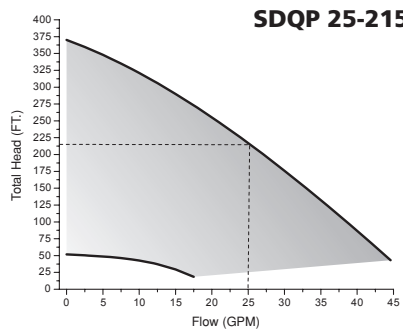

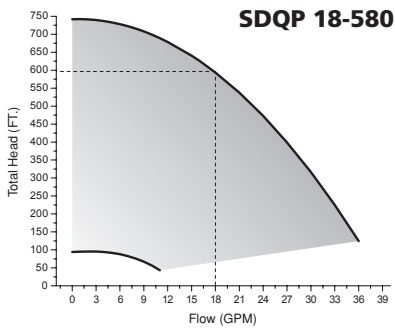

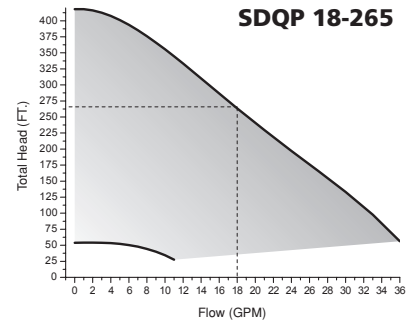

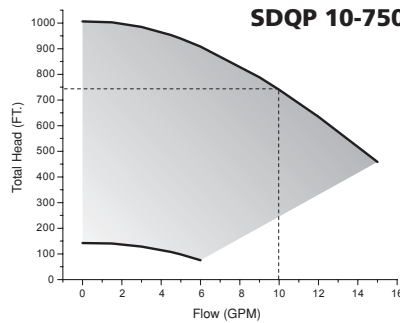

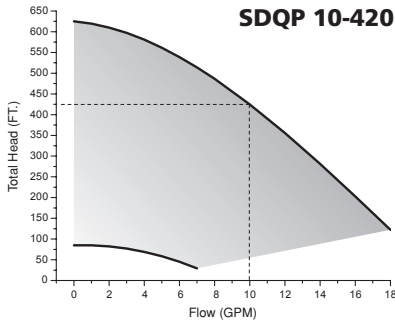

NOTE: All installations must comply with national and local electrical codes, as well as manufacturer's recommendations, to be eligible for extended warranty.

3. For technical assistance, contact Franklin Electric's Submersible Service Hotline at **1-800-348-2420**.
