SAVE TIME

The power of information with **Link₂O™**

YOU KNOW WHEN YOUR CUSTOMER KNOWS

Immediate notification to both you and your customer when the drive has stopped working. You'll know when your customer knows so you can be ready to respond as needed.

BE PREPARED

You will know the reason the drive faulted before you get there. You can also review the drive settings remotely which will allow you to better prepare yourself with the correct products, tools and information to get the job done more efficiently than ever before!

LIFELINE TO TECH SUPPORT

If needed, our Tech Support can see the drive settings as well to help quickly diagnose, troubleshoot and fix the issue at hand.
